A day of reckoning

## Adulthood comes magically on Monday for 18-year-olds

Eighteen-to-20-year olds will awake Monday morning with a new set of rights and responsibilities that will make them legally adults. However, many of the persons in that age set as well as many of their adult neighbors, are uncertain

about just what rights they will have. For instance, while almost everyone realizes that, beginning Monday, 18-year-olds can consume and purchase alcoholic beverages, few are aware that an 18-year-old

loses certain privileges also (such as the ability to collect survivor's benefits as a result of death of fathers who are law enforcement officers or firemen).

One 18-year-old who didn't wish to be identified said, "I really don't know anything about it except now we can drink. And I really don't think it's that important to be able to drink, either."

Asked about some of the new implications of the law, businessmen and professional people in Hondo were generally cautious about their answers, but some were as follows:

If you are 18 and become suddenly ill, you can authorize treatment for yourself at Medina Memorial Hospital. The present rule is that any minor must have the consent of his parent or guardian to authorize treatment. The new law will simply lower the age of a "minor" from 20 to 17, reports Administrator Melvin Finger.

Suppose you want to buy a new car for your 18th birthday, but you need a loan. Under the law, no minor can be held to a legal contract, which means that default on a note made by a minor leaves a bank with no recourse to collect the debt. Now, though you are 18 and no longer a minor, the bank may still have the option of not lending money to persons your age.

Hondo National Bank President Bob McGarity noted that bank policy will have to be restudied by the Board of Directors regarding lending to the new age group.

"Probably the courts will have to decide in the end about several problems such as this one that will come up." For instance, he acknowledged that banks may be forced to lend to 18-year-olds regardless of policy.

"We will study the matter with a Board meeting in the near future."

A call to the Commodity Office at the Airbase revealed that welfare cases 18 or over already must sign for work if they are out of school, but they may be eligible for welfare under present law.

County Tax Assessor-Collector Alfred Rohrbach reported he knew of no changes regarding taxing of 18-year-olds. Voting privileges were extended to that group in 1971, and those laws will not be affected.

Some effects of the new law, according to Texas Attorney General John Hill, include these:

Youthful offenders must be released from correctional institutions for delinquents when they reach 18.

Parents of retarded youths 18 and older are no longer obligated to pay cost of their care in state institutions.

Eligibility to run for office is extended to 18-year-olds, along with the obligation to serve on juries.

Parental consent is no longer necessary for boys 18 to obtain a marriage license.

Students whose parents live out of state can qualify for resident tuition rates at Texas colleges and universities at age 18 if they meet the year's residency and gainful employment requirement.

Persons who are married, regardless of age, have the status of adults.

### Band Boosters meet Tuesday nite

The Hondo Owl Band Boosters will hold their first meeting of this school year next week, on August 28, Tuesday night, in the Audio Visual room at Hondo High School at 8 p.m. Fred DeGroot, the new president, will preside. Other new officers include Franklin Muennink, 1st vice president; Loyd Witte, 2nd vice president; Mrs. Wilbur Lindeburg, secretary; Mr. and Mrs. John Graff, treasurers; and Mrs. William R. Hare, reporter.

Several important proposals must be voted on such as food pricing for the concession stand, having food available for the Freshmen and B-Team games on Thursday nights, and the marching contest to be held in November will be discussed.

Refreshments will be served after the meeting. Everyone interested in the band is invited to attend.

## Corn Shucking Contest action slated Saturday

Saturday night is going to prove beyond a doubt that a town can be corny and have a good time at it. Interest is extremely high in the first annual World Championship

Corn Shucking contest slated for action at 6:30 p.m. on the Courthouse Square in Hondo. Entries have soared to more than 55 by noon Wednesday and others

are expected to plunk down their \$1.00 fee for a chance at a \$25 cash prize and a trophy.

Eugen Reinartz has made some clever trophies for the event and each division winner will be awarded one. Also there will be a trophy for each division at the Texas Folklife Festival in San Antonio on September 9.

Winners of the men, women and youth divisions will represent Hondo at the Texas Folklife Festival on Sunday, September 9. There, at 7:30 p.m. on the Western Stage, they will meet the challengers who wish to win the crown for 1973.

Rules and other pertinent details are covered in a separate story in this week's Anvil Herald.

Festivities are to begin at 6:30 p.m. with food and drinks being sold by the Hondo Art League, ice cream by Bud Gwartney and possibly snow cones by the Guajardo sisters.

Some good old fiddle music will be provided by Joe Nixon and others if they can be found.

The actual shucking contest is all set to begin at 7:30 p.m., which will give everyone plenty of time to have fun at the big event and still make the dance at Quihi, or do anything else they feel big enough to do.

### Hospital shows deficit

The financial statement of Medina Memorial Hospital for fiscal 1973 shows a deficit of \$7,886, reports Administrator J. Melvin Finger.

That figure compares to a profit of \$7,621 for 1972.

Explaining the drop below the break-even point, Finger pointed out that while patient charges have been held static over the year, costs of equipment, food, and keeping up with safety standard guidelines have risen considerably.

"The patient load during fiscal 1973 was below the point necessary to cover fixed and variable costs of operation," Finger went on.

"The hospital needs an average of 44.8% occupancy to cover costs. In 1973, we averaged only about 42%."

The hospital raised its investments in Board-designated assets from \$23,852 in 1972 to \$54,644 in 1973, an increase of over \$31,000. These investments will be drawn on to cover the operating loss for 1973, reports Finger.

Other figures in the statement reveal a loss of \$7,965 due to provision for doubtful accounts. This category includes the treatment of indigent patients.

"We will continue to have some losses for treatment of patients who are unable to pay," Finger said. "As long as our policy is to treat all patients, this will happen. We

NOW, JUDGE... you know that's not the way to shuck corn! County Commissioner Fred Bader, left, looks on in dismay as County Judge Jerome Decker demonstrates corn shucking to him. However, it must be pointed out the photographer asked for this type of demonstration. Judge Decker, an ambassador with Bader to the Texas Folklife Festival in San Antonio September 6-9, says he is an experienced corn shucker and issued a challenge to all would-be shuckers, including Bader, that he will beat the shucks off them come

Saturday night and the first annual World Championship Corn Shucking and Shelling contest on the Courthouse Square in Hondo. Festivities will start at 6:30 p.m. and the contest begins at 7:30 p.m. Entry fee is \$1.00 in the men, women or youth divisions with \$25 cash and a trophy ready for each division. What does Bader think about the Judge beating him? "Shucks," [no pun intended] he said, "I could almost beat him blindfolded." [Photo by Burnis Lawrence]

### Free lunch plan given

Kenneth Flory, Superintendent of Schools, today announced the free lunch policy for Hondo Independent School District school children unable to pay for their lunch.

Local school officials have adopted the following family size and income scale to assist them in determining eligibility:

| Family Size | Annual Income |
|-------------|---------------|
| One         | \$0 - 2740    |
| Two         | 0 - 3600      |
| Three       | 0 - 4460      |
| Four        | 0 - 5310      |
| Five        | 0 - 6100      |
| Six         | 0 - 6890      |
| Seven       | 0 - 7600      |
| Eight       | 0 - 8310      |
| Nine        | 0 - 8960      |
| Ten         | 0 - 9600      |
| Eleven      | 0 - 10,240    |
| Twelve      | 0 - 10,880    |

Each additional family member \$640

Families falling within these scales or those suffering from unusual circumstances or hardships are urged to apply for free lunches for their children. They may do so by filling in the application forms sent home in a letter to parents. Additional copies are available at the principal's office in each school. Applications may be submitted any time during the school year. The form itself is simple to complete and requests information needed to determine economic need based on the income and number of persons in the family and any unusual circumstances or hardships which affect the family's ability to pay for school lunches. The information provided on the application will be confidential and will be used only for the purpose of determining eligibility.

Under the provisions of the policy, the principal of the child's school will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the local official, he may make a

### Corn coming in

Corn is coming into the bins now and a check with area grain dealers shows:

Chapman Grain in Hondo had a load of white corn at \$3.50 bushel last Friday; Mumme's Grain had a load on Monday of last week, both white and yellow, \$3.00 per bushel; Mangold's at LaCoste had received a couple of loads of yellow corn; E.S.C.O. expected first load in five to seven days.

AN APPLE--for the teacher is a good way to start a new school year and young Michael Rodriguez, son of Mr. and Mrs. Augustin R. Rodriguez, does exactly that as he hands a big red apple to Mrs. Robert Reese. Joining in the presentation is Kristy Gwartney, daughter of Mr. and Mrs. Bud Gwartney. Michael and Kristy joined some 1776 other students in opening day of school. This was a 77 student increase over 1972 with 44 of these being in kindergarten. Supt. Kenneth Flory said he expects enrollment to go past 1800 by next week. A breakdown of enrollment shows with 1972 in parenthesis: Kindergarten, 109 [65]; Meyer Elementary, 474 [465]; McDowell Middle School, 716 [680]; High School, 453 [470]; Special Education, 24 [17]. ### THE UPROAR

... over the Governor closing the "Chicken Farms" at LaGrange and Sealy has about died down, everywhere except in LaGrange. Some citizens there are still up in the air over the act.

They feel the Governor has many more important things to do in this state than worry about one bawdy house, especially theirs. In fact, some wag in Austin [and I saw this in the Express and News] said considering the fact the "Chicken Farm" was more than 100 years old [that doesn't include the "chickens"] that he felt the Governor should have presented it a historical marker instead of closing it.

But now that he has closed the "play house" of many Texas A&M University and University of Texas at Austin students, what does he plan on doing to stop the wide-spread prostitution that runs rampant in almost every bar, lounge, and on many street corners in every large city in Texas? And there must be a few call girl set-ups he and Attorney General John Hill can make uncomfortable.

Veneral disease is running wild in Texas, and the whole country, these days, and the street-corner and bar-stool prostitutes are responsible for a majority of the cases. Yet, the Governor and the Attorney General got their quota of publicity by taking on the "Chicken Farm", which the LaGrange residents insist was "a very clean place", albeit a definitely illegal one.

So now that the first blush is behind us in our apparently "incensed" battle against prostitution, what is the game plan for the rest of the State? Maybe the appropriate place to announce such a plan would be in LaGrange so the residents there could be mollified into believing they weren't the only ones being "picked" on.

### FROM OVER DEVINE

... WAY Mrs. Pete [Loretta] Morales sent me the poem which she calls "Ranchers' Lament," but which is titled A Case For the Defense. She said Pete found it in a cattle magazine.

She said: "I thought if you liked it you may want to share it with your readers. I think it speaks the truth."

So, here it is:

The cry, "Let's boycott beef!" is heard  
From sea to shining sea,  
But what those urbanites don't know  
Is they're boycotting me.  
I raise the cows as I was raised,  
Upright and on the hoof,  
With grit to weather stormy days,  
But we're not hunger proof.  
I made my life with head and hands,  
With work from dawn to dark.  
And still I hear that some folks say  
A cowman's life's a lark,  
That what we raise is living cash  
To reap without a strain.  
But have they heard the patter of  
A cloven hoof in rain?  
And do they see the heartbreak  
That we feel when cattle die?  
Or know the work it takes to build  
A fence in alkali?  
And have they ever calved the way  
Most modern cowmen do?  
Or walked a horse for 18 miles  
because he threw a shoe?  
And have they ever trod knee-deep,  
And I don't mean in clover,  
Or shoveled out a barnyard,  
Or been the "drag-man" drover?  
Have they ever known the terror  
That a weatherman can bring  
By predicting sleet and high winds  
When the season should be spring?  
Have they tried to feed the cattle  
On a balmy winter's day  
When the roads are blown and drifted,  
And the cows have gone astray?  
Do they know the names of plagues  
That hit a herd and wipe them out?  
Have they seen the grass all shriveled up

# Letters to the editor

Dear Mr. Lawrence:  
The Parishioners, the Parish Board, the Homecoming Chairman and Co-chairmen, and I wish to thank you and your competent staff for giving our annual Holy Cross Church, D'Hanis, Homecoming such fine publicity in your good paper and that of Sabinal.  
The publicity certainly must have paid off well since the Homecoming was a grand success financially. The day was ideal and the crowd was good. Everybody had a wonderful time.  
Again, our hearty thanks and prayers for having helped us, thru the press media, make our D'Hanis Homecoming the best ever. The dance also was a grand success.  
Most gratefully yours,  
Rev. Victor G. Schmidtzyński, Pastor

August 17, 1973  
Mr. T. A. Lopez  
Dear Mr. Lopez:  
I received your letter on behalf of the Local International Brotherhood of Operative Pottery and Allied Workers Union #237 in respect to the proposed reduction of natural gas to Universal-Rundle Corp. in Hondo. I am most pleased that you brought this matter to my attention, and I compliment you and your Brotherhood for working with Universal-Rundle to prevent the curtailment of production.  
Upon receiving your request, as well as that of Mr. W. S. Porter, I immediately contacted the Texas Railroad Commission and advised them of the payroll of this industry and its impact upon the economy of Hondo. Mr. Byron Tunnell, Chairman of the Texas Railroad

Commission, returned my call and was most receptive to the plea to prevent a cutback of the gas supply.  
I have now been advised that Universal-Rundle has been placed on an emergency basis with the full supply of gas being allotted on a day-to-day basis.  
The fuel supply and energy crisis, in general, is becoming more serious. I am advised by the Railroad Commission that prolonged shortages may exist during the coming winter months. Hopefully, all citizens of our state will cooperate in conserving energy so that there may be an adequate supply for industries to operate as well as maintaining the comforts of our homes.  
With kindest regards, I am  
Sincerely,  
John H. Poerner

# Chamber Corner

By LILLIAN PORTER  
Executive Secretary  
The Chamber of Commerce wishes to thank Mr. and Mrs. Carl Hinson, Morton Distributor, for the donation of cups, napkins, sugar and cream for our Teachers Reception Monday morning at the McDowell School. Everything went fine—and their contribution proved a big help.  
On the Guest Book—Mr. and Mrs. Don Mills, Enid, Oklahoma. They lived in Hondo 28 years ago when he was stationed at the Hondo Airbase. This is their first visit back. They have visited with Mrs. Barnes, Mr. and Mrs. Morris Shelton, Margaret and John Earl Boon and others they knew while living here. He says the people in Hondo are still Great.  
Now how about this letter?  
Dear Sirs:  
My name is Jesse S. Ivie and I live in Lancaster, Texas. The reason for my letter is as follows:  
I am a collector of Indian and Western relics. After 20 years of collecting I now have one of the largest and finest collections in Dallas County. The collection consists of a wide variety of relics.  
It also has several displays in it made up from rattlesnake rattles.  
I would like to ask a personal favor from you folks there. If you know of anyone there having any amount of rattlesnake rattles, that has no use for them, and would like to donate them to a very good cause, please feel free to give them my name and address. I need all that I can possibly get. Thanks a whole lot. Jesse S. Ivie, 622 W. 8th Street, Lancaster, Texas 75146.  
Do you have any rattles — or know of some? Let us know and we'll send them on.  
\*\*\*  
Dear Sirs:  
Please send me any information available on Whitetail deer hunting

leases or day hunting in the Hondo area. Also motel accommodations for hunters and their families. C. H. McNeely, Lake Charles, La.  
\*\*\*  
From up Fort Worth way, Stuart Schuster wants information of Javelina, deer and turkey hunting, while we had and answered deer leasing requests from Jack Stafford of Nederland, Cecil Jones of San Antonio and Sharon King of San Antonio. And from Pennsylvania I sent farming research information to a Mrs. Peterson.  
And look at all these other people we corresponded with: Rita Jan-nack of San Antonio, Alvin Salge of Karnes City, Monte Huie, Col. J. J. Kopec, Sam Bennett, Scott McQuire, Cecil Jones, Gill Gullledge, Pledger Cate, all of San Antonio; Tony Romack of Arlington, Jim Madeley of Austin, and Karen Fuller of Hondo.  
Take a note of this action: We had 21 requests for deer and bird leases and we mailed out 55 answers. Housing activity jumped up as we had five housing rentals, five requests, eight referrals. And we passed out maps, brochures and cards to 17 people.

# More about..... Sparks

In grips of endless drouth?  
Have they priced a breeding heifer  
Or those semitrailer rigs?  
It's enough to make a cowman vow  
To take up raising pigs.  
Have those housewives ever cooked all day  
To chuck a roundup gang?  
Or sat upon the back of one  
High-flying, wild mustang?  
Well, if they have and if they know  
The things of which I write,  
I'll join them in their boycott  
And be eating fish tonight.

## THIS IS THE LAST

... few days to prepare yourself for competition in the big Corn Shucking contest Saturday night.  
We are receiving more and more interest from people around the area and you can bet your boots we are all going to have a fine entertaining time.  
Don't forget there is going to be some good eating provided by the Hondo Art League and the Junior Service League. And there'll be plenty of ice cream from Bud Gwartney's ice cream wagon.  
So, why not enter now? It's only \$1. Just call Mrs. Lillian Porter at the Hondo Chamber of Commerce, 426-2015.  
You could win \$25 cash and a beautiful, engraved trophy made by Eugen Reinartz of Hondo. Now, you can't beat that with a stick, can you?

## BAPTIST AND METHODISTS

... fought another battle in Hondo last week, but this time it was physical competition not theological. They played each other in a volleyball game.  
And you can bet that Jack Gruber wishes he had been a substitute—after the game was over.  
It seems that Jack was at the net facing Methodist Nancy Fridle and in attempting to spike a shot the two collided. Well, everyone ran over to Nancy to see if she was hurt, and poor old Jack, writhing on the ground, had to crawl off the court without any attention.  
However, he received some attention at the hospital where he was taken for an x-ray. There the pictures showed he pulled a ligament in his ankle and they put it in a cast.  
Volleyball, anyone? No, thanks, when it has the Baptists on one side and the Methodists on the other.

## New rules outlined

The rules have been changed — for the better — in the Corn Shucking contest Saturday night.  
Like women down through the ages, sponsors of the contest took the prerogative of changing their minds and simplified the rules.  
They now read like this: Men will have 10 ears of corn [women and young people will have six ears], which they will shuck, stuff the shucks in a tow sack [anti-pollution you know], shell the corn in a bucket and place the cobs in the sack also. The one who does this in the shortest length of time wins the contest. Time will be kept with a stop watch.  
Also shellers may use a cob to shell their corn after their first ear is shelled. Or they may start off by rubbing two ears of corn together. No outside device may be used. Women may wear gloves if they wish, but since all the corn has to be in the bucket they might find it hard to pick up kernels with gloves on.  
In case of tie for the best time, those who are tied will run-off another time.

## Interest is high in contest

Who says we don't have interest in corn shucking in Hondo!  
Take a look at this entry list (as of noon Wednesday) and you can see everyone is going to have a fine fun time on Saturday night.

## Hospital

have never refused treatment to any patient due to their inability to pay.

"We could take one of two steps and operate at a profit," Finger stated.

"One would be to raise prices for services to a point that would reflect a profit even with unusually low patient occupancy. But we are a non-profit service organization, not like other businesses. If we showed too much of a consistent profit, the Board would vote to lower patient costs to bring them back in line with expenses. As it stands, our rates compare favorably with those of any area hospital."

"Another answer would be to require a credit check before admitting any patient. Again, we are a service organization for the community good, and our policy from the beginning has been to accept all patients, regardless of their ability to pay."

The 1972 statement showed a profit after a loss in 1971, which was caused by the loss of Medicare benefits in that year. The hospital has since been reinstated by Medicare.

## Training slots to be available to small number here this year

Training positions will be made available to 19 persons in Medina County for the next nine to 12 months through the Manpower Training Programs, Alex Alvarado, coordina-

tor, said here Tuesday.

These positions will be for six Mainstream slots for persons 22 or older; four NYC out-of-school slots for persons 16 to 21; and nine NYC in-school

slots for high school students who have not reached 21.

Positions are part of the Manpower Training Program which will see \$414,068 spent for training

in the 10 rural counties of the Alamo Area Council of Governments. Medina County is in a region comprised of this county along with Frio and Atascosa. The largest amount of training money

will go into Atascosa County, \$80,556, with Medina receiving \$41,918 and Frio getting \$24,283.

Strader Taylor, director of the programs says the amount of money allocated to each county is based on: previous funding, population, unemployment and poverty index.

The positions must be in some type of governmental entity, such as school, city, public library, hospital, county, etc. Mainstream trainees will work a 40 hour week at \$1.60 per hour; out-of-school trainees will work 32 hours at \$1.60 per hour; and in-school trainees will get 10 hours at \$1.60 per hour.

They can perform and what might be available when we start trying to place them in the local area on completion of the training.

When asked why Medina County's portion of money was so much lower than that received by Atascosa County, Taylor said: "Several reasons caused this. First, the past county leaders did not fight to get their portion of the programs available. Secondly, the program for Medina County has been administered in Eagle Pass and Uvalde in the past several years and most of the money stayed in those counties. It just means that both Frio and Medina counties have not been getting their share of the labor dollar."

## Governor proclaims Sept. 23-29 Annual Highway Week

AUSTIN — Terming the Texas highway system "the basic transportation resource in Texas," Governor Dolph Briscoe has designated September 23-29 as Highway Week in Texas.

The event coincides with National Highway week which this year is under the honorary chairmanship of television personality Lorne Greene. Theme of the observance is "Better Roads — Better Living."

Speeches, highway dedications, open house and other special events activities at many Texas Highway Department facilities across the state are planned for the week.

The Governor singled out citizen support as an important factor in highway progress in Texas and noted that development has been a cooperative effort between all

levels of government.

The text of the Governor's official memorandum:

The Texas Highway System comprises more than 70 thousand miles of all-paved highway facilities which form the basic transportation resource for Texans.

The period of September 23 through 29 has been designated National Highway Week to dramatize the importance of our vital network of roads. Theme of this year's observance is Better Roads, Better Living.

Highway progress in Texas has been made possible through an active partnership between Texans working through organizations such as the Texas Good Roads Association and the Texas

Highway Department.

# Vocational Education on junior high level

By JOHN H. POERNER  
State Representative

Pursuant to provisions of House Concurrent Resolution No. 77, sponsored by Hondo Representative John H. Poerner in the last legislature, the State Board of Education has approved a comprehensive plan to make vocational education programs available to all Texas students in grades seven through twelve.

## Food Stamp meeting to be held Sept. 6

The meeting to explain the Food Stamp Program to food wholesalers and retailers in Uvalde and Medina Counties has been announced by Pete L. Valenzuela, of the U. S. Department of Agriculture, Food and Nutrition Service, San Antonio Field Office.

The meeting will be held on Thursday, September 6, 1973, at 8 p.m. at the Civic Center, Reading Room, East Main Street, Uvalde. The purpose of the meeting, Valenzuela said, is to acquaint grocers with Food Stamp Program operations and responsibilities and provide to those retail grocers interested in participating, the opportunity to complete their applications for authorization.

To do this, it is imperative that the stores be represented at the meeting by the owner or some other individual who has the authority to contract for and in behalf of the firm and can assume the responsibility of carrying out the provisions of the Food Stamp Program. They should also be able to provide figures on last year's total gross and food sales for their store in order to complete the application form.

According to Valenzuela, these applications will be available to the grocers only at this meeting, and this is why it is very important that any grocer interested in becoming authorized attend the meeting.

## Scouting News

The plan was outlined to Representative Poerner in a letter of appreciation from State Commissioner of Education J. W. Edgar. It's major provisions:

- Development of an overall plan for making vocational education available to all students in grades seven through twelve on a gradual basis.
- Approval for the gradual introduction of industrial arts as an approved vocational education program.

- Inclusion of seventh and eighth grade industrial arts courses in crafts, drafting, electricity - electronics, general shop, industrial materials and processes, metalworking, and woodworking as constituting the course structure of an approved vocational education program for 1973-74 and

1974-75 Foundation School Program eligibility.

- Approval for sponsorship by the Texas Education Agency of the industrial arts youth clubs of Texas in the same manner that the agency sponsors the youth clubs of other approved vocational education programs.

- Development during 1973-74 by the agency of basic vocational standards for seventh and eighth grade industrial arts in order that these standards shall be used as a basis for approval of programs beginning with the 1974-75 school year.

- Authorization for an administrative unit within the agency for industrial arts education under the immediate supervision of the director of the division of public school occupational programs.

"I am most pleased to

see that Dr. Edgar and his staff have moved so quickly to implement the will of the Legislature and the Governor to expand availability of occupational courses to the school children of Texas," Rep. Poerner said. "I think the Texas Education Agency is to be commended for the plan it has developed, and I am sure it will receive fullest cooperation from local school authorities throughout the state."

Rep. Poerner is a member of the House education committee and the House vocational - technical education subcommittee, and serves as chairman of the subcommittee on general education. He also served as a member of the House interim committee on vocational - technical education during the 1971-72 period.

## A Second Defensive Driving Course offered by HD Club

A second Defensive Driving Course sponsored by the Hondo Home Demonstration Club and the Texas Agricultural Extension Service will be offered on August 27, 28 and 29 at 7 p.m. in the Hondo High School. Twenty-nine Hondo drivers took the course when it was offered in June.

Fee for the course is \$10

per person, and those who complete it will receive certificates which entitle them to a 10 percent reduction in bodily injury, property damage, medical and collision insurance premiums for a period of 3 years.

The Defensive Driving Course instructs participants on how to avoid a collision with the vehicle

ahead and behind; how to avoid a collision with an on-coming vehicle or how to avoid an intersection collision; it teaches the art of being passed and passing on the highways; and how to avoid common collisions. Modern audio-visual techniques will be used each night to teach the class.

Richard Adams, Hondo, who received his training from Van Smith, Safety Division of the Texas Department of Public Safety, will teach the classes.

The course will consist of 8 hours instruction on 3 consecutive nights. The registration fee will be payable at the first meeting on Monday night.

If you are interested in taking the course, please call Gaye Bippert, County Extension Agent Office at 426-2233, or Richard Adams at 426-3165.

## Fred Woerndell Graduates

Among the 57 students completing work toward a degree at Howard Payne College during the 1973 summer session was Frederick Eugene Woerndell, who received a Bachelor of Business Administration degree.

Commencement ceremony was held August 10 at 7:30 p.m. in Mims Auditorium with Dr. Woodson Armes addressing the graduates.

Fred is the son of Mr. and Mrs. H. O. Woerndell.

**CORNY CORSAGE**—Lesley Muennink, daughter of Mr. and Mrs. Donald Muennink, presents Mrs. Lillian Porter of the Hondo Chamber of Commerce with a beautiful corsage with flowers from corn shucks and a plastic corn cob. Leslie made it for Mrs. Porter to wear for the first annual Corn Shucking Contest slated in Hondo Saturday night. Two of the Muennink children, Hank and Jessica, recently won two out of three awards given for designing by the Texas State Florists Association. Hank won the President's trophy and Jessica won the trophy for junior designers. [Photo by Joe Fohn]

## 4H CLUB

Hondo Junior Garden Club members and leaders spent the day in historical old San Antonio Monday, August 13. A guided tour began at the world famous Buckhorn Hall of Horns, which depicts wildlife from all corners of the earth; Hall of Fins, which displays mounted fish from the waters of the world; Toepferwein Gun Gallery; Hall of Feathers and the Hall of Texas History Wax Museum. Also, they toured the Farmers' Market and the American Waste Paper Company.

The Hondo Jr. Garden Club has collected newspapers, magazines, corrugated paper and IBM cards since October of 1971 at the reclamation center in Hondo at Ave. K and 18th St. After paper is collected in Hondo, it is delivered to the American Waste Paper Company.

These youth witnessed the recycling process which paper goes through Monday at the company before being delivered for new use all over the world. Tour guide and owner of the company encouraged the Hondo Jr. Garden Club to continue operation of their reclamation center in efforts to beautify their community, reserve our natural resources and save our many needed trees.

Mrs. Hilmer Haegelin, past director of District VII, Texas Garden Clubs, installed the 1973-74 officers: Kay Martin, president; Jessie Seals, vice-president; Patrick Rich-

ards, 2nd vice-president; Curt Collier, recording secretary; Brady Gwartney, corresponding secretary; Rosie Mary Rios, treasurer; Douglas Cole, reporter; Pattie Seals, historian; and parliamentarian, Chris Cole.

Senior sponsors are Mrs. Wade Seals and Mrs. Art Richards. District VII Junior Intermediate and High School chairman is Mrs. George L. Cole.

All Hondo Junior Garden Clubbers are members of the Hondo 4-H Clubs. Any youth interested in beauty, gardening and preservation of our natural resources so that he or she may serve his community is welcome to attend monthly club meetings.

## Homer Floerke died at age of 44

Homer G. Floerke, 44, of D'Hanis died Wednesday, August 15, 1973, at Sabinal.

Born September 28, 1928 in Taft, Texas, he had lived in D'Hanis 26 years, and was a rancher in that area. He was a member of the Catholic Church.

He is preceded in death by his father, George C. Floerke, and his mother, Agnes Louis Mutchler.

He is survived by three sons, George M. Floerke of Hondo, and Mark K. Floerke and Kent D. Floerke of Greenville, Texas; four daughters, Mrs. Fred (Dorothy) Breiten of Hondo, Denise Floerke of San Antonio, Mary Ellen and Louis Ann Floerke of Greenville; and by Mrs. Emilie Floerke of Greenville.

Other survivors include a brother, Fred Floerke of Taft and a sister, Mrs. Bob (Evelyn) Cantwell of

Fulton, Texas.

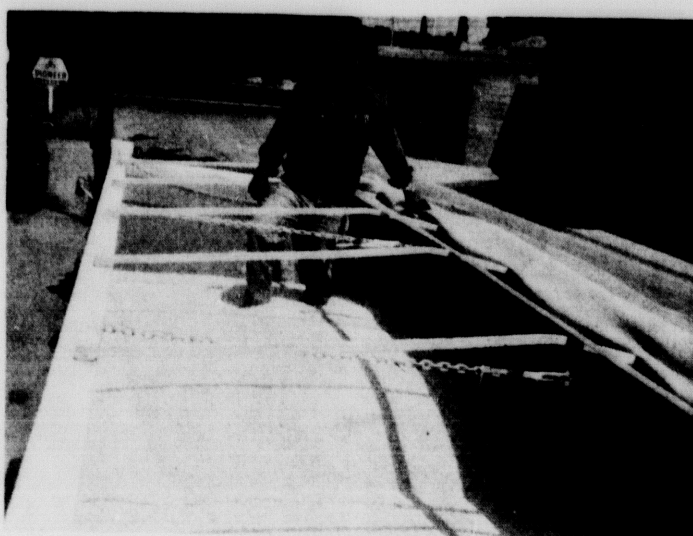

Rosary was recited Thursday, August 16, at Holy Cross Catholic Church, D'Hanis, followed by a Low Mass with Rev. Victor Schmidtzyński officiating.

Funeral services were held August 17 at Holy Family Catholic Church of Taft, Texas with Fr. Joe Berger of Holy Family Parish, officiating.

Interment was in City Cemetery of Taft.

Pallbearers for the D'Hanis services included Joseph, Jim, David, Dean, and Billy Zinsmeyer, and Mike Spaight. Pallbearers for the Taft rites were Curtis Cantwell of Corpus Christi; Phil Ervester of Cuero; E. Robert Cantwell, III of Sandia, Texas; Tony J. Floerke of Goliad; Chuck Cantwell of Corpus Christi; Neal L. Floerke of Taft; and Bill Murray of Corpus Christi.

Funeral arrangements were by Guinn-Horger Funeral Home, Hondo.

**FIRST CORN AT CHAPMAN'S**—Leo Hitzfelder's irrigated farm near LaCoste produced the first corn to be brought in at Chapman Grain Friday, August 17. First load weighed 48,000 pounds and went for \$3.50 per bushel. Moisture content checked out at a low 12.60.

## BAM Citizens will take to TV

Representatives of the Bexar-Atascosa - Medina Citizens (BAM) against site H and Alternate H of the proposed new San Antonio airport will take to the television media next week to bring their cause to the public attention.

Tuesday morning at 7 John Wilson of KSAT's Newswatch program will host Victor Graham and Russell Jungman, spokesmen for the citizens against the airport.

Mr. A. L. (Tony) Dramberger will also appear with Mary Denman on

KENS-TV's Eyewitness Noon News Wednesday, August 29, at noon, to discuss the opposition to the proposed sites.

The programs have been scheduled to precede the San Antonio City Council meeting next week, at which a decision is expected to be made to announce the Council's choice of sites at their September 13 meeting.

The citizens group encourages other opponents of the two airport sites to present their opposition in writing to the San Antonio City Council.

## Streets take spotlight at Tuesday night Council meet

Street paving, or non-paving to be more exact, came in for its share of the spotlight at the City Council meeting Tuesday night.

### FHA kidnaps girls

The incoming Freshmen Future Homemakers of America members were taken by surprise early Wednesday morning, August 15th, when several carloads of older members routed them out of bed about 7 a.m.

They were taken to the building where older members served them a breakfast of orange juice and doughnuts. Each "Fish" member was required to stand up and introduce herself.

Everyone seemed to enjoy themselves, despite the fact that most of them were still in their P.J.'s. The party was planned a week in advance by the officers.

### Kuttner receives medal

SAN ANTONIO -- U.S. Air Force Senior Master Sergeant John Kuttner, son of Mrs. John J. Kuttner of 16B Maple Gardens, Fall River, Mass., has received the Bronze Star Medal at Kelly AFB, Texas.

Sergeant Kuttner, a computer programming superintendent, was cited for meritorious service while assigned at Ramunson Station, Thailand.

The sergeant is a 1951 graduate of B. M. C. Durfee High School. His wife, Carolyn, is the daughter of Mr. and Mrs. Roscoe E. Hardcastle, Devine.

Tommy Santos spoke about the sad state of 17th Street and the other streets in that area, and he presented pictures to illustrate the point.

He said, "They have pot holes all in them and no gutters. And we would like to be on the top of the list when the next paving money is received."

Councilman Hilmer Mueller pointed out to Santos that curb and gutters are requested and paid for by the owners and, he said, "I don't believe we have any owners along that street

that have come in and signed up to pay for curb and gutter."

Sarge Ney then spoke up and asked when the streets in his area where the people had already paid for their curbs and gutters was going to be paved. He was told the program is to begin today (Thursday).

Ney also asked, "Why don't we have better building inspections?"

"We don't have an inspector," City Manager Fritz Leinweber answered. "Why not?"

"Because he quit."

### Faseler Reunion have large turnout

Ninety descendants of the Harm and Christian (Muennink) Faseler family attended their 11th annual reunion at the City Park in Hondo on Sunday, August 19th, 1973.

Edwin Bohmfalk, Vice-Chairman, conducted the program and business session following the noon meal.

The oldest members, Mrs. Louis (Bertha) Faseler of Hondo and Mrs.

Emil (Ida) Faseler of Pleasanton, were presented corsages.

Youngest member present was Linda Kay Long, daughter of Mr. and Mrs. Gale Long, and granddaughter of Mr. and Mrs. Robert Faseler.

Officers elected to serve for 1974 were: Chairman, Elton Oefinger; Vice-Chairman, Gale Long; Secretary, Dorothy Graff; and Treasurer, Harold Faseler.

## Here in Hondo

After visiting in the homes of her brothers and sisters and families, Mr. and Mrs. Jesus L. Dominguez, Mr. and Mrs. Tony Mendoza, Mr. and Mrs. Johnnie Mendoza and Mr. and Mrs. Alfredo Morin, Mrs. Joe Odom, formerly Olga (Debbie) Mendoza, and son, Devan, formerly of Miami, Florida are now visiting another sister and family, Mr. and Mrs. Hollis (Carmen) Floyd in Memphis, Tennessee. Mrs. Odom and

son will leave soon to join her husband who will be stationed in Europe.

Mr. and Mrs. Tony Mendoza and son, Michael, accompanied Tony's sister and nephew, Mrs. Joe Odom and son, Devan, to Memphis, Tenn. this past weekend. While there, they visited another sister and family, Mr. and Mrs. Hollis Floyd. Mrs. Odom and son will remain in Memphis until she leaves for Europe to join her husband. On their return trip they stopped for a visit at Fort Smith, Arkansas with his brothers and families, Mr. and Mrs. Robert Mendoza and Alex Mendoza. They returned home by way of Oklahoma.

## Two Hondo men enlist in the U.S. Marines

Staff Sergeant Armando Posada, Marine Corps Representative for the Hondo area, has announced the enlistment of two young men from Hondo.

They are Joe D. Maldonado, son of Mr. and Mrs. Joe B. Maldonado of 402 15th St., who enlisted in the Marines on August 13; and Jack M. Spivey, son of Mr. and Mrs. George Spivey of 802 21st St., who enlisted on July 31st.

Joe and Jack enlisted via the 180-day Delay Program which enables

them to leave up to six months after enlisting for active duty. They also elected the Buddy Program with Benito Pina, 708 22nd St., and Ray Lopez of 1601 11th St. The four future Marines will depart for San Diego, California on Sept. 4th for 11 weeks of intensive recruit training.

For further information on aviation, electronics, military police, delay, and administration programs, contact SSgt. Armando Posada at 225-5511 ext. 4334, collect.

THESE ARE PART... of the duties being outlined for Miss Joan Butts by Father George Stuebben of the St. John's Catholic Church. Miss Butts is the new Religious Education and Social Actions Coordinator for the parish.

## Miss Joan Butts joins St. John's Church staff

Miss Joan Butts of San Antonio has joined the St. John's Catholic Parish as Religious Education and Social Actions Coordinator, according to an announcement from the Rev. George Stuebben, pastor.

Although this is not exactly a new position for the parish, Miss Butts' work will mark the first time it has been on a full time basis. Last year Sister Anne performed these duties on a part time basis.

Miss Butts is a native of San Antonio where she graduated from high school. From high school she joined the Victory Noll Sisters in Huntington, Indiana where she trained for three years.

From there she has worked in Abilene, Brady, El Paso, Southbound

Brook, New Jersey and San Antonio. At these places she performed missionary work, including home visiting, adult education and teaching children and other duties.

Miss Butts returned to San Antonio in 1969 where she worked for the Texas Railroad Commission for one year and then spent three years with the St. Benedict's Catholic Church performing the same duties she will perform in Hondo.

"Since her office will be in the old school building," Father Stuebben said, "we can say now that building has not been abandoned. She will concentrate religious education not only to the young people but to adults as well. She will be available to the congregation for a full 40-hour week."

## Season tickets to go on sale Aug. 27

Season tickets for the Hondo Owls' five home games go on sale Monday, August 27th, Supt. Kenneth Flory announced this week.

"All season ticket holders may pick up their tickets at the Superintendent's office beginning Monday. Anyone wishing to make a change in any way, please notify us at

once," he said.

Other persons interested in buying season tickets for the five home games can go by the business office, look at the seating chart, and select their tickets.

"Price for a season ticket is \$8.75 for five games," Flory said. Individual tickets to home games go on sale on Monday prior to the game.

## D'Hanis Cowboys slate scrimmage

Things are looking up for football in D'Hanis this fall, reports Coach Clayton (Butch) Woolls.

Twenty-four players are working out with the 1972 District champion team, and no serious injuries have been reported as yet.

Saturday evening, the team will face its first test of strength against the

Hondo 'B' Team, at D'Hanis High School stadium beginning at 7:30 p.m.

The next scrimmage is set for September 1 against Medina Valley High School.

The Cowboys' first regular season game will be against Sabinal on September 8, also in D'Hanis.

## All Stars lose

## to SA Red Sox

The Hondo All Stars were downed by the San Antonio Red Sox 15 to 9 in a game played last Sunday at Pruneda Ball Park.

The Red Sox scored four runs in the first inning but

the All Stars came right back in their half of the first inning and tied it at four all.

The Red Sox went on ahead and scored four more runs in the third, three in the sixth, and four in the seventh.

Hondo scored three more in the third and two in the seventh.

Starting pitcher for the All Stars was Richard Lopez and later relieved by Johnnie Abrego.

The big hitters for the Red Sox were Mike Villareal with two home runs, and Carlos Gutierrez and Jesse Adames with one each. Leading hitter for Hondo was Johnnie Miranda with two singles and a double.

Next Sunday the All Stars will meet Twin Lakes of Natalia at Pruneda Ball Park.

## Owl Band prepares 1973 Pigskin Preview

The Hondo High School Band under the direction of Billy A. Harrell will present their "Second Annual Pigskin Preview"

in the courtyard at McDowell School on Thursday, August 30th, at 8 p.m.

Featured on the program will be marches and popular selections that will be used during this football season's half-time shows. Total membership of the band this year is 129 members. Also, the twirlers and cheerleaders will be introduced.

Those who attended the concert are asked to bring their own lawn chairs or blankets. The public is invited to attend and there is no admission charge.

**PEDEN'S SAILFISH** — Bob Peden went out fishing one day while on a trip to Acapulco and pulled in this sailfish, which weighed 142 pounds and measured 9'4". He fought it for over an hour before it could be brought aboard the boat. The fish will be mounted for display to non-believers, reports Bob. It was his first sailfish ever, and it was well above average size. However, a look at the record Pacific sailfish reveals that the all time winner weighed 221 pounds.

## Cards, MV 90's in title series

The D'Hanis Cardinals will meet the Medina Valley 90's in a best-of-three series for the Hill Country League Championship starting Sunday, August 26, at 3 p.m.

The opening game will be played Sunday at Castroville, on the ball field in west Castroville north of Highway 90.

The Cardinals made their way to the finals by

downing the league-leading Boerne White Sox twice in the playoffs. The first game of that series was forfeited by D'Hanis, but the Cards came back to whip the Sox 3-1 and 5-3 in the succeeding weeks.

Medina Valley took two in a row from New Braunfels to earn their berth in the show-down series.

Last Sunday's game in Boerne was a see-saw affair. After taking a 2-0 lead in the game, D'Hanis lost its advantage as the Sox scored three runs in the sixth. But in the eighth inning with the bases loaded, Johnny Zinsmeyer cracked a three-run double to the left field wall to put the game away.

Walt Rothe went the distance for the Cardinals and took the victory. Losing pitcher was John Dukes of Boerne.

## SOCIAL SECURITY NEWS

The San Antonio social security offices are now taking applications for supplemental security income payments, a Federal program scheduled to start in 1974 that will establish an income floor for people in financial need who are 65 or over, or blind, or disabled, according to D. G. Hudson, acting social security district manager.

But people already getting public assistance because they are over 65, blind, or disabled, don't have to apply, he said. They'll be getting more information later this year about how the program will help them.

"The first monthly payments under the Federal program will be made in January 1974," Hudson said. "Until then, State public assistance offices will continue to make payments in the usual way."

People not getting public assistance now who think they may be eligible for the new Federal payments should call or write social security to find out if they should apply.

"Federal supplemental security income payments will be made by the Social Security Administration," Hudson said. "But the program will be financed by Federal general revenues—not by social security contributions from workers and employers. It's not the same as social security."

The aim of the new program is to provide supplemental payments in cases of need so that people 65 or over, or blind, or disabled will have a basic cash income of at least \$130 a month for one person and \$195 a month for a couple.

This doesn't mean that every eligible person or couple will be getting that much from the Federal Government every month. The amount of the Federal payment any person gets will depend on how much other income he has.

Eligibility for Federal payments will depend not only on the amount of income people have but on the value of their assets.

"If you're single—or married but not living with your husband or wife—you can own things worth up to \$1,500 and still get Federal payments," he said. "A couple can own things worth up to \$2,250 and get payments. Not everything you own has to be counted toward your total assets, however."

"A home of reasonable value will not be counted

as an asset," Hudson said. "Personal effects and household goods won't count in most cases. Insurance policies or a car may not affect eligibility either, but it will depend on their value."

Certain income also will be disregarded in deciding on an application for supplemental security income. The first \$20 a month of income generally won't affect the Federal payment at all.

"In addition, people who are working part time should know that the first \$65 a month of earnings won't be included in counting their income and only half of the rest of their additional earnings will be counted," he said.

Apart from earnings, other income above the first \$20 a month generally will reduce the Federal payment. "This includes social security checks, veterans payments, workmen's compensation, pensions, annuities, and gifts," Hudson said. "And if you live in someone else's household, your basic Federal payment will be reduced by one-third before other income that may affect your payment is deducted."

People who need more information to decide whether they might be eligible for Federal payments should call 225-5511 Extension 4801, or write to their social security office.

Even though payments cannot start until January 1974, we're starting to take applications now so we can process them ahead of time and avoid delays that might occur if there's a rush of applications right at the end of the year.

The amount a social security Medicare beneficiary must pay when he enters a hospital has been increased, D. G. Hudson, Acting District Manager, San Antonio, Texas office mentioned today. The new amount is \$72 and is effective for hospital admissions on or after January 1, 1973.

Before January 1, the beneficiary was responsible for the first \$68. Patients who have an extended stay in a hospital will also notice an increase in the co-insurance amount, the portion he is responsible for after 60 days in the hospital. The co-insurance is now \$18 compared to \$17 before January 1, Hudson explained.

If the period of hospitalization exceeds 90 days, the co-insurance amount is \$36 per day, he continued. Medicare covers 100% of

the covered charges for inpatient care through the first 60 days.

The increase is necessary because of changing costs of hospital care. The social security law provides for an annual review of deductible and co-insurance amounts so that adjustments can be made to keep the deductible in line with rising costs.

If you aren't satisfied with the decision on your claim for social security benefits—appeal it!

This information came from D. G. Hudson, acting manager of the San Antonio social security office.

Hudson said that everyone who applies for benefits has the right to appeal the decision made on his claim. He added that only a small percentage of disallowed people exercise their appeal rights.

The Social Security Law provides four levels of appeal. Anyone wishing to appeal the decision on their claim should call or visit the nearest social security office or representative for help with his appeal, according to Hudson. He said these procedures include a reconsideration, a hearing and a review of the hearing. If none of these steps satisfy the person, then they can take the case to civil court.

For further information, see your social security representative when he is in your area.

Your representative will be in Hondo at the City Hall at 9:00 a.m. Mondays.

**QUESTION:** Although I applied for monthly disability payments in a local social security office, I received a letter from a different social security office telling me I'm eligible for payments. If I have a question or a problem, which office should I get in touch with?

**ANSWER:** You should call, write, or visit the local office. The people there can help you with a problem or answer questions you may have.

**TELETHON CALLERS—These Hondo youths will be taking pledges for this area during the Labor Day Jerry Lewis Telethon for Muscular Dystrophy, which will be on the air on Channel 12 on Sunday night, September 2, and all day Monday. Seated at the table, left to right, are Carol deMontel, Donna Wiemers and Dayle Marrs. Standing are Kay Martin, Linda Martin, Freda Brookshire, Tom Marrs, Richard Herring and Mrs. Marrs.**

### Muscular Dystrophy Telethon callers

The New Jerry Lewis Labor Day Telethon, to be seen in South Texas area on KSAT-TV, Channel 12, is enlisting "unprecedented" community support, Mrs. Mary Jane Marrs, Telethon Chairman for Hondo, said today.

Mrs. Marrs said that among the civic groups manning the Hondo pledge center are Rainbow Girls and De Molay Boys.

"I'm delighted at the unprecedented interest being shown in Hondo for the Telethon against muscular dystrophy," Mrs. Marrs said. "We've been overwhelmed with volunteers wanting to help with the phones and elsewhere behind the scenes throughout the whole 20 hours of the show. That's great—community involvement is what the Telethon is all about."

The Jerry Lewis show is originating for the first time this year from Las Vegas, with pick-ups from New York, Nashville, and Hollywood. Lewis, National Chairman of Muscular Dystrophy Association of America, has always stressed local participation in his annual fund-raising effort, which last year raised over \$9.2 million. In a recent letter to Local Telethon chairmen across the nation, Lewis said, "You and your volunteers and contributors are the real people, the people who make the Telethon. You'll be the ones to thank when that first child with MD is able to get out of his wheelchair and walk—because you cared enough to help on Labor Day."

Funds raised through the Telethon are used to support MDAA's programs of research and patient care nationwide and in the communities where the contributions are made. The Association maintains a network of free clinics and patient service throughout the U.S. and in Puerto Rico and Guam. In this area MDAA funds support a clinic (located in San Antonio) and summer camp.

### LIBRARY NEWS

Hondo Public Library is most grateful for two recently donated reference books. One is *The Texas Courthouse* by June Rayfield Welch and J. Larry Nance, a gift from Mr. and Mrs. Burnis Lawrence and Terri and Debbie. This is an illustrated history of courthouses throughout Texas.

Also, now available for reference use is *World Who's Who in Science* by Allen G. Debar, donated by Steve Kelemen, Western Publishing Co., Racine, Wis., and given to the library through the auspices of Jim Fridle.

A recent best seller, *Sadie Shapiro's Knitting Book* by Robert K. Smith, has been donated by Liz Maples.

Other contributions have been received from Mrs. Ralph Gilliam, picture books and novels; Louise Landers, several novels; Barbara Weems,

Mr. and Mrs. Glen Dittmar, Evangelina Barrios and Helen Witte, paperbacks.

Magazines were received from Mr. and Mrs. A. D. Patterson, Mr. and Mrs. William Green, Mr. and Mrs. O. M. Redus, Mrs. Charles Schweers and Mrs. Rudolph Duncan of Yancey.

Two new Literary Guild selections have been added to library shelves. They are *Green Darkness* by Anya Seton and *Sybil* by Flora Rheta Schreiber.

Four more young people who have completed the Summer Reading Program and received their Texas State Library Certificates are Rene delToro, Sarah Rico, Gary Morin and Beverly Graff.

Please remember to return your overdue books, either to bookdrop, at any hour, or during regular hours, 11:30 a.m. to 5:30 p.m. Monday through Friday.
